

2017 MFSR HIGH COUNTRY STATION TEAM MUSTER

Saturday 1st April 2017

Main Rodeo Arena

Entries Open: Mon 6th February 2017

Entries Close: Thurs 23rd March 2017

This fun event provides a 'fast forward' snapshot of a day on the land. As we now have reigning championships, it is certain the benchmark has been set amongst the local properties vying for this coveted title.

Event Structure: Teams of 2 competitors – heats of 3 teams at a time

First team member (task sharing permitted):

- Start off lying in swag (supplied)
- On 'GO' get out of swag, pull boots on and roll and tie swag
- Cut firewood
- Light the bush fire and put egg on to cook
- Eat the cooked egg

Second team member (task sharing permitted):

- Start dirt bike and ride through minor obstacle course to finish line
- Negotiate a number of tasks (eg drive in steel posts, carry hay bale, catch and tie sheep)
- Sit on swag, take off boots and relax while enjoying a drink of beer or soft drink.

Fastest time with least penalties in each heat will progress into the finals.

This event is open to anyone with energy and a sense of humour. A number of Upper Murray properties rich in local history are some of our fitting contenders to participating in this event. As teams enter, an invitation is extended to provide a short bio on the property team members represent or team members themselves, giving the crowd a background and insight into station life in the High Country.

This event is a great way to showcase a little bit of country life on the land and is run independent of the MFSR Horsemanship Challenge.

Please attach a short biography of the property or team members being represented (eg history of property, owner's history, type of enterprise, working history of each team member, property size, name and history of dogs etc). Please note this information will be used by the announcer during the event.

Prize Pool: Both cash and in-kind prizes awarded to 3rd place. 1st - \$860 | 2nd - \$760 | 3rd - \$100

Entry Fee: \$80 per team

Please note: this event is run under Rafferty's Rules and can be subject to change

SECTION 1 – PROPERTY/ TEAM DETAILS

Property/ Team Name
